No A6- 2289/42-43 dt 29 3 43

Requests sanction to an estimate for Rs 24,174 for the Mayakonda Drainage scheme. The Cost Scheme has worked out in four stages, the first stage estimated to Cost Rs 7006/- has taken up in the first instance, the cost to met by Govt and the local Council

1) The entire allotment under the P W D Grant for the current year has been fully distributed Several drainage schemes have been deferred on account of non-availability of Cement- Having regard to the facts stated above it is for orders if the D C may be requested to renew the proposal early next year

2) The estimate will be sent to the Chief Engineer for perusing in the first instance

U O 827 Dated 28-5-43
1-6-43

5) Returned with compliments

2 The estimates for the works noted in the margin for the amounts noted against each are checked arithmetically It may be mentioned that the estimates received are generally defective in any one of or all the following points -

Constructing drains for Mayakonda Town	Rs 22,734

1) Plans showing detail measurements are not furnished,
2) Lumpsum amounts are provided without furnishing details,
3) Standard or type designs are not furnished with detail measurements,
4) Drawings and calculation sheets together with details of designs have to be furnished

Further, in this connection, it is ascertained that a schedule of rates as in several Divisions of the P W D is not in use at present in the Sanitary Bureau In the absence of such a schedule, it is not possible to check the rates provided in the estimates The schedule of rates in P W D in different localities will have to be invariably followed by the Sanitary Division since the rates for similar works in one locality will have to be uniform, though they may be executed under different agencies

For water supply and similar works the schedule prevailing in Water Supply Division may have to be adopted

For sanitary fittings a schedule has to be prepared by the Sanitary Division and approved The object with which the several estimates are sent to this office for scrutiny will be frustrated if merely arithmetical check is done It is therefore suggested that

(4)

Drainage scheme for Mayavaram town
T253 Dtd 12-5-44

that the particulars as mentioned above are absolutely necessary if any technical check is to be exercised Hence, it would be better if an order is issued adopting the suggestions of this office while forwarding the estimates for sanitary works as a general rule

(2) Nayakunda Drainage

Continuation Sheet | File No / Current No | of | Page

Rbto

16) The comprehensive drainage scheme at Nayakunda is estimated to cost Rs 22,734/-, as scrutinised by the chief Engineer for Irrigation (page 2 (para 8))

17) The local bd is desirous to execute the scheme in four stages (annual) and the cost is proposed to be met by the govt and the bd in equal proportions

18) The first stage of the scheme is estimated, as per D's report, to Rs 6,565/- and this is proposed to be carried out during ~~this year~~ the current year, and the bd is said to have money at its credit for being utilised towards this purpose

19) In order to enable the bd to finance ~~the~~ their share of the cost towards the other three stages at a cost of Rs 16,169/-, it proposes to take a loan to the extent of ~~Rs 8084~~ Rs 8085/- at 4½ % p.a repayable in 20 annual instalments but the D C has not furnished information as to whether the financial position of the bd for 44-45

Mayakonda Drainage Scheme.

20) In the above circumstances, sanction may be accorded to the entire scheme costing Rs 22,734/-, the cost being met by the Mal cl and the Govt in equal proportions

A/ 21) As the Mal cl is prepared to pay from out of its funds a sum of Rs 3,282-8-0 being half the cost of the first stage of the scheme, Govt may sanction an equal sum from out of the Drainage grant for 44-45 B. to make up the total amount of Rs 6,565/8 and do so. This stage (1st stage) being taken up and finished during the current year

22) The question of giving a loan, as prayed for by the Mal cl, to finance the other three stages, may perhaps be considered after the 1st stage is completed

23) A, B and C are submitted for orders

a with reference to paras 10 to 12 of G.O. 14/11 Sanction may be accorded to the first stage of the Drainage scheme at Mayakonda being taken up at a cost of Rs 6565/8 The expe may be met out by the Govt & the Mal cl in equal proportions

Sir

Subject - DRAINAGE SCHEME - MAYAKONDA MUNICIPALITY.

In enclosing the plan and estimate amounting to Rs 24,174/- receive from the Sanitary Engineer, Bureau of Sanitary Engineering, for the drainage Scheme of Mayakonda Municipality, I have the honour to state that t Municipality which was asked to suggest the ways and means of financing the sceheme, has at its meeting held on the 26th January 1943, resolved that the drainage to the town is a very urgent necessity and that the first stage of the scheme which is estimated at Rs 7,006/- may be taken up in the first instance, the cost thereof being borne by Government (a a grant) and the Municipality in equal proportions. The quota payable the Municipality towards the 1st stage is proposed to be met out of deposit in the Savings Bank Account at the credit of the Municipality The Municipal Council has further resolved that the remaining three sta of the scheme may also be taken up, the cost being borne both by the Municipality and the Government in equal shares. But as the finances of the Municipality do not admit of such a heavy expenditure being paid in a lumpsum, the Municipal Council requests that the quota payable by the Municipality may be granted as a loan from Government with sanction to repay it in 10 annual instalments.

2. Since the Municipality has agreed to bear half the cost of the first stage of the scheme, I request that sanction of Government may kindly be obtained to the estimate of Rs 24,174/- for the above work and

:o take up the 1st stage of the project in the first instance as resolved by the Municipal Council.

3. The resolution of the Municipal Council is enclosed herein for favour of information and early orders of Government.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Commissioner,
Chitaldrug District.

mns.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat,

No L5-47 ml 125-41-87 *Dated Bangalore,* 12th July 1943.

FROM

The Secretary to the Government of His Highness the Maharaja of Mysore,

Law Department.

To

The Director of Public Health in Mysore,
Bangalore.

Sir,

With reference to your letter No.C.142-25 dated 3rd May 1943, regarding the drainage scheme for Sagar Town, I am directed to state that the Chief Engineer of Mysore, who was consulted in the matter has stated as follows.-

The estimate for the works noted in the margin are checked arithmetically for the amounts noted against each They are generally defe in any one or al following poi.

Name of the work	Amount of estimate.	Amount checked for
1. Sagar Drainage Scheme.	Rs. 47,615/-	Rs. 44,970/-
2. Mayakonda -do-	24,174/-	22,734/-
3. Improvement of Water Supply to Malur Town.	5,513/-	5,465/-
4. Improvement of water supply to Palahalli village Serin[illegible]patam Taluk	14,150/-	14,150/-

1) Plans showing detailed measurements are not furnished.

2) Lumpsum amounts are provided without furnishing details.

3) Standard or type designs are not furnished with detailed measurements.

4) Drawings and calculation sheets together with details of designs have to be furnished.

Further, in this connection, a schedule of rates as in several divisions of the Public Works Department is not in use a present in the Sanitary Bureau. In the absence of such a schedu it is not possible to check the rates provided in the estimates. The schedule of rates in the Public Works Department in differen localities will have to be invariably followed by the Sanitary D since the rates for similar works in one locality will have to b

12

uniform, though works may be executed under different agencies.

For Water Supply and similar works the schedule prevailing in the Water Supply Division may have to be adopted. For Sanitary fittings a schedule has to be prepared by the Sanitary Division and approved.

In the absence of the above particulars, only arithmetical check is possible The above details are absolutely necessary if any technical check is to be exercised. I am, therefore to request you to be so good as to instruct the Sanitary Engineer to see that the above suggestions are invariably adopted before the estimates for the sanitary works are forwarded for scrutiny..

The estimates for Sagar Town drainage are herewith returned for necessary action and retransmission in the light of the above observations.

I have the honor to be,
Sir,
Your most obedient servant,

for Secretary to Government,
Law Department.

SIR,

Drainage Scheme for Mayakonda for Rs 22,734

With reference to Memo No L 548-51/Ml 125-41 dated 12th July 1943 addressed to the Deputy Commissioner, Chitaldrug District returning the Estimate for Drainage Scheme of Mayakonda Town together with a copy of letter No L 547/Ml.125-41-87 dated 12th July 1943 of Government addressed to this office communicating the defects found in certain estimates as per observations of the Chief Engineer, I have the honour to retransmit the estimate for the drainage scheme of Mayakonda Town with the omissions duly supplied by the Sanitary Engineer as follows -

1 Plans showing detailed measurements are furnished
2 Lumpsum amounts are provided in the estimate for the following items -
(a) Dismantling the steps of houses and reconstructing,
(b) Unforeseen items of work,
(c) Acquisition charges

Details for these lumpsum provisions cannot be furnished at this stage They can be furnished only when the work is taken up for execution
3 Type designs of sections of drains are enclosed with detailed measurements
4 Drawings and Discharge Statements together with the details of types are already furnished

Consequent on the unsettled conditions, there is no sanctioned schedule of rates The rates worked out are those that are based on quotations and those that are prevailing in the Sub Division The Chief Engineer is this day requested to send a copy of the schedule of rates of all the Public Works Sub Divisions, if available, for adoption in the Bureau of Sanitary Engineering In this connection I may state that Government have been addressed in this office letter No T 258-26 dated 30th December 1942 for suspension of the operation of the schedule of rates temporarily during the war period, provision in the estimtes prepared, being as per quotations obtained from time to time, but so far no orders of Government have been received in the matter

Regarding schedule of rates for water supply works, the Sanitary Engineer reports that no schedule of rate can hold good

P.T O.

due to the daily changes in the prices of materials and that the schedule of rates adopted in the Water Supply Division, cannot be adopted for works in moffusil places.

I have the honour to be,
Sir,
Your most obedient servant

Director of Public Health

C F No 46] **GOVERNMENT OF MYSORE**

No A6-2289/42-43. OFFICE OF The Deputy Commissioner,
Encls one file with Estimate & plan Chitaldrug District, Chitaldrug.
Date 17th September 1944.

To

C. Narayanaswamy Naidu, Esq., B.A., B.L.,
Legal Remembrancer & Secretary to Government,
Bangalore.

Drainage scheme of Mayakonda Municipality.

Sir,

Adverting to your letter No.11601 dated the 17th May 1944 calling for certain particulars on the above subject, I have the honour to state that the President of Mayakonda Municipality reports that the subject was placed before the municipal council at its meeting held on 14-8-44 and the council unanimously resolved, that half the cost of first stage of the scheme, which is estimated at Rs.6565/-, may be met out of the investment at the credit of the municipality in the Mysore Government Savings Bank, the other half being sanctioned as a grant from Government.

As per estimate enclosed in the record the remaining three stages are estimated to cost Rs.16169/-. In order to meet half the above cost, the municipal council request that

16169
6565
12734

the amount payable by the municipality may be granted as a loan from Government, repayable in 20 annual instalments wi interest at 4½ per cent per annum as suggested by Government

In order to discharge the loan, the municipal council, ls that it is not possible to repay the same from its existi resources and has therefore resolved to levy fresh taxes fro the year 1944-45, The council therefore anticipates an additional income of Rs.1000/- per annum, as shown in the statement enclosed in the records, and the amount is decided to be earmarked for repayment of the loan to be raised by the municipality.

A statement showing the financial position of the municipal council according to the sanctioned budget for 43-44 as called for by Government is herein enclosed.

In forwarding herewith the entire file of records ending with report No.15/44-45 dated the 15th August 1944 received from the President of Mayavonda municipality, I request that Government may be pleased to accord sanction to the drainage scheme and its execution in four annual stages, the cost being bor equal shares by the Government and the municipalit

p.

able by the municipality, for the 2nd, 3rd and 4th stages, ing sanctioned as a loan to the municipality at 4½ per cent terest per annum Sanction may also be kindly accorded to the ant of Rs.3282/- from Government towards their share of the t for the first stage of the work and the incurring of Rs. 282/- by the municipality from out of its amount held in - Saving s Bank towards its share of cost.

I have the honour to be,
Sir,
Your most obedient servant,

DEPUTY COMMISSIONER,
